“ to my brother of whom i shall miss. a poem to remember all of our memories that goes like this. you were the one who watched over me. you saved me from drowning and losing my eye so in time i could see. see the love that stands beside me and the one who stands in your place. every so often when im feelin alone, i think back to those memories just to see your face. so much love you had and so many lives you saved. if i could only have the opportunity to meet the people who's days you have made. maybe i could feel your heart beat or watch your teardrops fall to the ground. i wont give up until you are found. ill stand by the creekside and think of you here. as you have given me strength to have nothing to fear. i hope you are at peace and at ease in your afterlife. to anthony nils decapio, who gave himself away so others could have life. so much life yet to live but so little time. one day we will meet again but hopefully for the rest of us itll take some time.

“ It is coming to your birthday soon - Jake and I have planned a dinner at Kabuki in your honor. I'm sorry that we never made it there, all the times we promised you that we would take you. We are also planting a tree in your honor in the yard next week, a Japanese Maple, somewhere special. We have purchased the property along Nine-Mile Creek for the memorial park that will soon stand in your name, so that you may give to the world, as you always did, of yourself, with such gracious generosity. We miss you and we talk about you often. The Catskills trip has passed and the pig roast is coming up, there are so many memories in each and every crevice of our home that remind us of you. It is in the name of those memories that we do things in your honor, so that you know we will never forget the truly golden moments you provided us with time and again. Happy Birthday! We love you, Sarah and Jake xoxoxo

“ id like to thank everyone who puts their thoughts and feelings here. it means the world to all of us. before tony passed he and my wife had been talking and he told my wife, angala, that from the moment i got off the plane he had this connection and bond with me. he picked me up and held me on his lap as i went to my new home with my two birth brothers. i always felt close to tony never knowing why til the day angala told me this news. im not a believer in spirits but that has changed for me. for tony came into my dream, put his arm around me, laughed and didnt say one word. and with that i awoke. not knowing what it meant i told my wife and my mother. they both confirmed that it was exactly what i thought it was. he had come to say goodbye. there isnt a day that passes that i dont miss him. i wish that we had hung out more and that i got a chance to visit him in kansas but now that chance has passed. there have been days where i just sit and stare off thinking of what could've been. and only these words can express the feelings that i have. it is called Forever. Wish you were here. So far away but always so near. Tryin to go on without you. Believing that it'll be easy is so untrue. Remembering all the times we have shared. Feeling the love you gave me and knowing that you cared. The good die young they say. But no matter what the pain never goes away. Tears everyday but memories that will never fade away. Laughter between you and me no more but together we will fly away. tears in my eyes everytime it rains. watching you pour it down on me, tryin to wash away my fears, but yet they remain. Be my guardian angel and watch my every move. For i'll be your brother still and yet once again, when i finally meet you in the skies above. I have 5 other brother's that i'll always love. But you are the one i'd trade my life for when push comes to shove. Remember me forever and forever i'll be yours. by Peter DeCapio

“ I want to express my deepest sympathy to your family. I went to grade school with Tony in Marcellus. Tony was a kind soul, always had a smile on his face, and had a positive attitude. I will miss him. Please know my thoughts and prayers are with your family. Pax domini, Heather Shoudy Brechko

“ I will always remember Tony with a smile on his face. That Cheshire cat grin always told you he was up to something. Tony was someone that you could talk to about virtually anything. He did not make preconceived judgments and accepted everyone "as is". In my book he was about as classy as they come and an example for all to follow. I will always remember the trips to Pa for deer season and how Tony took the rest of the boys almost to Maryland on a wrong turn the first day of deer season. Tony, I still love that Ruger 06 that you had no matter how many people told you how ugly it was. Funny how the Decapio boys always came home with the deer on those Pa trips. I still smile over the story on how Tony killed that fantastic whitetail in Otisco, a deer that we have all tried to surpass and now will never surpass. Tony's photo's captured the best and the worst of all of us and will be cherished Rest in peace Tony and each day we are in the woods or on the water you will be the sun on our faces. I will miss you my friend. To Jake and the Decapio family I can not fathom the loss you have experienced. You will be in my prayers as you work your way somehow through these difficult times. God Bless. Dan Hullihen

“ Jake, Sarah & DeCapio Family: Our heart goes out to you and our prayers are always with you. "I'd like the memory of me to be a happy one, I'd like to leave an afterglow of smiles when life is done. I'd like to leave an echo whispering softly down the ways, of happy times and laughing times and bright and sunny days. I'd like the tears of those who grieve, to dry before the sun Of happy memories that I leave when life is done." Anything you need we are always here. All our love. Shannon Travis & Jordan

“ My sweet Tony, I've been thinking for a week about the words I want to say and believe it or not, for the first time in my life, I am struggling for the right words to say! You were my “little Tony” when you first came into our lives – I'm not sure why I took you under my wing possibly it was that sweet nature of yours or that cute smile that you've carried with you all these years. I am so sorry that you had to leave us so soon in life but the accomplishments you made have been enormous and as I read the comments of your friends I can tell that you've certainly made a tremendous impression on those whose lives you've touched and hearts you've warmed. Your short life reminds me that as the rest of us live on we must not forget to live life to the fullest and do the things we've always yearned to do because life can be so short... You are now gone from our sight but never forgotten – I recently found this poem that I believe says it all: THE BROKEN CHAIN We little knew that morning that God was going to call your name, In life we loved you dearly; in death we do the same. It broke our hearts to lose you; you did not go alone, For part of us went with you, the day God called you home. You left us peaceful memories; your love is still our guide, And though we cannot see you, you are always at our side. Our family chain is broken, and nothing seems the same, But as God calls us one by one, the chain will link again. --Author Unknown You will be missed ... Your cousin Barb

“ I don't know what to say. It was a shock to me when my mom sent me the news. I thought I was reading something that wasn't real. Heather and I want you to know that you are in our thoughts and prayers. God will give your family the strength to get through this. He is in heaven watching down at you. “ Joe, Ann, Josh, Linnea, Jessica, Peter, Adam, Paul, Matt and Jake – First I want to say that I extend my deepest sympathy for the tremendous loss of your son, your brother, and my nephew Tony. It is difficult for me to imagine the loss you must feel and the sadness that accompanies it. I wish so much that I could be there to rejoin my family and be with you during this time. It is very unfortunate and disappointing to me that I was never able to know Tony. That is my loss as well. From what Jessica has told me about him, it sounds like he was a terrific person who was loved by a great many people. I am sure his legacy will live on within our family. Although I am not able to be with you at this time, I look forward to the time that I will see you all. My love and prayers are with you as we all deal with this tragedy. Love Don

“ A letter to my brother Tony It was Saturday afternoon and I was shoveling snow when I received the call. After a moment I could no longer stand, so I knelt down in the snow. A few moments before dark it stopped snowing, and the sun poured and orange river of light over the landscape. I knew you were gone. A few hours later I answered the phone to hear dad's hoarse and broken voice telling me that they had been in a horrible car wreck and Grandma Watson was dead. I remember yelling "but how is mom!" We left for Kansas City in the morning, it was the longest god-damned drive in my life. I had much to contemplate, mom and dad were hospitalized with multiple fractures and collapsed lungs, grandma was dead and you were on life support. We knew you were not brain dead when we joined you, but I knew your wishes and we honored them and took out your breathing tube. I know you felt my hand on you as you left – I felt like a part of me died with you. I hope that the donation of your organs can prevent a loss to another family, I know you would have liked that. Fate, luck, forces beyond our control, whatever you want to call it, made us brothers and I am grateful to God for all the times we had together, both good and bad. I will miss all those fly-fishing trips, watching you trip over Cahill, who always seemed underfoot. I will never forget watching you run from a swarm in your flip-flops with a scotch in one hand and a BB gun in the other because you were shooting hornets off a nest . I will miss all those deer hunting trips where we would do drives to each other through five miles of buck thorns and briars and snow, then come home for single-malt scotches and cigars. Everyone we ever hunted with will miss your beautiful deer hunting photos. I will miss all the cooking and grilling we did together, how we would make sixty pounds of hot Italian sausage, and drink a Heineken for every ten pounds we cased. I will miss you with the smoker, your drunken chickens, your pasta sauces and your Italian Wedding Soup. I loved the time we wasted watching Simpson's and all our talks about why Wal-Mart sucks, which gun we would buy next, and why you wanted to be an engineer for Kodak. My world is a smaller, duller place without you, thank you for being a great brother, I will cherish the times that we had together. Your brother, Jake

“ Dear Joe and Anne... I am very saddened by the news of both Tony and your Mom...two very special people. It is always hard to understand why things happen when they do... you both have had so much to endure in the past few weeks and I hope that it helps to know you are in my thoughts and in my prayers as you heal both physically and mentally. May the strength you have from one another and as a family make your journey easier. I love you both, Brenda

“ Dear DeCapio family, please accept my sympathy. I was so shocked to hear the news. I lost a son in 1996 in a car accident going back to college and no one knows better the loss you suffer. I worked with Tony. He was a professional and his smile and personality..... well we shared a lot of laughs together. I will keep you in my prayers and ask that you and your family have strength to move forward.

“ I am Tony's aunt, Ann's sister and Joe's sis-in-law. We, as a family, have been through a devastating loss of our beloved Tony and our mother. I just want to say how very proud I am of Ann, Joe and all the children, that even in a time of terrible pain and grief, they were able to offer Tony's organ's for transplant. Now I know it will be easier for all of us to CELEBRATE his LIFE, knowing he actually lives on in others. We am so very proud of all of them. I LOVE you guy's....Aunt Joan & Family.

“ Tony was an outstanding Packaging Engineer. I will always treasure the great working relationship Tony and I had together. I will never forget the surprise gathering Tony hosted for me as his Kodak mentor, but in reality, it should have been all for Tony. Tony was an outstanding person and will always be one - in everyone's eyes. I will miss him greatly... Take care my friend..and some day we again share hunting stories.

“ My thoughts and prayers are with the entire DeCapio family. I just recently came across a Daily Bread passage that read "Faith is not demanding what we want; it is trusting God's goodness in spite of life's tragedies." May you find comfort in the love and prayers of family and friends and may you find peace that Tony is now resting in God's hands and basking in His great love.

Tony and I We Spent alot of time together in High School together, and learned alot from each other. Tony was my wrestling Partner for many years, and we sure had alot of fun doing it. We talked about fishing and girls almost everyday, and laughed like kids do. He will be missed by all. Tony was the type of guy you could not help but like. There was something about that just made you smile, even when we were in trouble. Tony, I will miss you, and i will see you again someday, and we can catch the "big one" we always bragged about.
