“ Where do I begin.. Ethel was an amazing lady, She was always full of spunk and lots of energy, some days I had a hard time keeping up with her. I cared for her through the PACE CNY program for about 7 monthes, & honestly it was an honor to be able to care for her and get to know her so well.For 100 1/2 she ...there are no words to describe her but AMAZING!! I got really close with her and we really had a special understanding and "bond" with each other. She told me alot of funny stories, some sad, some amazing how she managed things.She once told me about 3 monthes ago "Karen your like the granddaughter I never had" and I really was TOUCHED by that and knew even though sometimes we disagreed that she really truly loved me. I loved her so much like a "great grandma" that I NEVER had to. We had a special "love". I am glad I went to see her the eve before she passed.I was able to give her closer and myself to.I will NEVER forget you Ethel and there will ALWAYS be a special place in my heart for you and someday WE WILL meet again. My deepest sympathy to the family of Ethel, she was truly truly truly an amazing lady.

“ As I left Highland House Thursday afternoon (after wishing you sweet dreams,) a wind stirred, then a calm came over the old mansion. Something told me that you were about to get your wings. I had the distinct pleasure of meeting you thru the PACE program. I thoroughly enjoyed our "Friday lunches" together. May all who's lives you have touched be as strong and determined as you have been. When we have attacks of self-pity, we shall remember you. When we want to give up, we will certainly remember you. May God bless you, Ethel. May God bless your family and friends.

“ Dear Ethel, I will forever miss your company. I last visited you on a trip to Syracuse from Maryland last year on August 28, 2006. My digital camera printed the date of the pictures I took of you at Greenpoint on that day. You taught me much about life in the Austrian Hungarian Empire, the kind of history that only the people that lived there knew and understood. It was those events that brought your family to America. I remember you told me you were 13 years old, working in Camillus Cutlery, and how hard it was on the lunch hour to hurry home, passing the other children who had the good fortune to be in school, and on the playground after lunch. Your mind was one that knew history better than the books we studied in school, along with the memories you had of your experiences. I'll forever miss our visits, but I will never forget them. I know you are in a better place, with God Speed, and the graces of heaven. Much Love, Robert Wagner

“ Ethel~ PACE has given me the opportunity to met many wonderful people, but you are one that I will never forget! Because of you I have a new found respect for the "elderly", You are the strongest women I have ever met! My sympathy goes out to her family.

“ My deepest sympathy goes to your family on the loss of a Great Lady. I met Ethel thru the Wagner family and was a such a delightful person to meet. Robert Wagner & I would always go to Ethel's and visit. On all trips I took pictures with Ethel and Robert and some with me and Ethel. I am so glad that Robert and I got to visit with her for quite a while in August last year (2006). Ethel always made sure she had something to entertain with. I wish I could be with you doing this time in your life. Ethel will always be a part of my life that I'll never forget. The Lord called her home so that she can prepare a place for when its our time to join. I loved Ethel like she was part of my own family. I'll always treasure the times and pictures.
