“ I served with John in Vietnam in the Fire Direction Center of A Battery 6/27 Artillery. He was an excellent leader as our Chief in 1969 who exemplified great courage and skill during a very challenging and dangerous period. I will remember him for his exceptional character and unselfishly risking of his life for the safety of others in his charge. I salute you, John, as as a great American and outstanding warrior. Thank you for being my exemplary and inspiring leader.

“ I wish to express my deepest sympathies to John's family. As many have said before John was indeed a fair and gentle soul. I had the pleasure of working with John while with the Thruway in the Syracuse Division. His knowledge, desire and willing to teach others about his "craft" has always been and will continue to be an inspiration for years to come. Reast in peace, John. You will be sorely missed.

“ I had the pleasure of knowing John for only a few years. Yet I felt like I'd known him for 30. He was an instantly likeable person. Every quality you could ask for in a friend. He was a good soul, and the best part is, he always will be.... I'll miss you John. Scott Fleming (Syracuse Division Garage)

“ From the time Canals and the Thruway joined, in the Syracuse area there was always a smile from the Canal side. Patience and professionalism were John. No words can cover the sadness felt by those touched by this caring and very special individual. We all have our stories of those moments with John and we shall carry them with us always. Our hearts go out to his family.

“ When John passed away, it was like losing a family member. I remember fondly the many times John would join us at the Thruway lunch table where we discussed politics, books, movies, and TV shows. John was too modest a person to realize how much he meant to all of us, but thankfully, I think he might have gotten a clue at his retirement party when Richard had all of us go around the room and say something to John. John remarked to me that he was very moved by the cards and encouragement that he received from everyone after he retired. My heart goes out to Suzanne, Evan, his parents, brothers, and the rest of the Zmarthie family. May their many happy memories sustain them.

“ I have been with Canals for 28 years and have known John for much of that span. John promoted me to Floating Plant Supervisor in April of 2004-which I always will be thankful for, to me that meant that John had the confidence in me to do the job-something that I myself was not sure of. Whenever a problem arose, I turned to John for guidance, he always was willing to help without reservation-another quality which I will always be grateful for. My heart felt sympathy goes out to John's wife, son, parents and other family members who will surely miss John.

“ I was John's secretary for the last six years. It was a pleasure working with him. He was the "best boss" anyone could ever have. Not only did he commend you for work well done he noticed when something was done without asking. Over the 11 years I have known him, he became a friend. John was an extremely kind person who listened to everyone with interest. He held his composure no matter what circumstance arose. His knowledge of the Canals will be sorely missed. John really enjoyed his retirement party. He was astonished at how many people went (126). John was the type of person that everyone likes. He has touched the life of thousands of people and he will be remembered fondly by all.

“ John Zmarthie was one of the first "canallers" that I met when I came to work for canals many years ago. From that time on, he was a very helpful, very wise, very dedicated professional, co-worker and friend. He is missed by his co-workers and my deepest condolences go out to his family.

“ I am so saddened by John's passing. I worked with him in Syracuse for 10 years and I am thankful for the privilege of having had him in my life. On one of my visits after I retired, John and I talked at length about retiring and I feel that I might have had some sway in his decision. For whatever time that gave him with his family, I am glad he took it. John was a wonderful person and will be sorely missed. My prayers will include him and his family. God Bless.

“ It is with a deep sadness that we received the news of John's passing. Both Ellisa and I considered him to be more than an acquaintance and a co-worker. I worked with John for the past 12 years and found him to be one of the most professional and sincere individuals to be around, always a smile, always asking about family and friends, and always before business. Please accept our deepest sympathy ... the world will not be the same without him. He will be missed, but not forgotten! God bless.

“ I was very saddened to read of John's passing. I've had the pleasure of working with John over many years while I was with the State DEC and now with Onondaga County - but always about water - be it Onondaga Lake or Oneida Lake. John was wonderful to work with and always kept his smile. He, his smile and his gracious manner will be missed. My sympathies to his family. Sue Miller
