Marilyn's life was characterized by love, faith and a strong work ethic. Being the oldest of five children she was called on early in life to help with the daily tasks. “ Marilyn has a special place in the hearts of everyone here at the Upstate Foundation. I worked with Marilyn for many years. She put in many hours helping us raise money for Upstate, and she always had a special place in her heart for the children's hospital, and we made sure her name was up there when the new hospital opened. In addition to working in the office processing gifts, she helped at golf tournaments, the Gala, telethons, and more. She loved all the holidays and always made sure we were decorated for each one. She kept in touch and always shared stories about her grandchildren. I'm glad they had the opportunity to get to know what a wonderful person she was.

“ How sad I am to lose such a caring, dear friend. It was my pleasure to work with Marilyn at Upstate Foundation and to continue our friendship. Her smile and laugh and dedication to get the jobs done are an inspiration. She was such a giving person and am grateful for the times she drove me home from work, our phone calls and her being her. She has been in my thoughts and will remain in my prayers. She is with God and He will help the family through this indeed sad time. Love you Marilyn.

“ May "the hearer of prayer" continue to comfort your family, during this most difficult time.
The days ahead will become easier as you lean on those close to you. They will give your family the support and encouragement they need to stay strong.
We hope that the many cards,hugs,kind words,and loving prayers sustains your family
and grants them peace.(Philippians 4:6,7)
