“ Unfortunately I just found out that Adam passed away. It breaks my heart that I am now just finding out, especially since I should have been there more for him. We were so close at 1 time & did so much together. We would go on hikes, take my girls to Onondaga Lake, and so much more. He was 1 of the sweetest, honest, & loving person I've ever met. How we met was kind of crazy but I'm so glad that I did. Adam was the type of person that wasn't afraid to show love & happiness. He would do anything for anybody, even if it was the last of everything he had, he would give it to you if needed the help. I remember quite a few times we would be at Burger King & there would be someone that was homeless & hungry he would go buy them food (never gave them money) to make sure they at last had a little bit of food for the day. He loved playing with my girls building forts, playing ball, etc... He was definitely a true genuine person, one of a kind. He would always tell me that I was his best & only true friend & that he loved me!! He will be truly missed & will always love him!!! I just wish I had known sooner, so I could've attended the services to say good bye. I hope he is a peace!! Love & miss you always, Tabbatha

“ Me, my sisters, and my mom stayed with Adam for a long time in downtown Syracuse. He was amazing. He always spent time with us and was so funny. He arranged things for us to do like go to the park. He lived us with all his heart and we did the same. He always had cosmic brownies from dollar general for us. It hurts so much to learn he has passed. I'm sorry for the families loss. R.I.P Adam💕

“ I am so sorry to hear of your loss. I do believe I had Adam in my third or fourth grade class at Stonehedge Elementary. I remember him as a kind, hard working youngster, school didn't come easy for him. I always enjoyed his warm smile. Sending my condolences to Adam's family. I will keep you all in my prayers.

“ My brother was goofy caring and had a one of a kind personality. He was an amazing person that lost his was somewhere along the lines. He was still always someone I could talk to. I remember the insane water fights with water balloons huge super soakers and cups of water that him my sister our friends and I would have inside and outside the house. Always sure to clean it up before mom and dad got home though. He was the best target bc he would always take forever getting himself ready for the day and we'd wait until he was about to leave and get him.....it was on after that and the chaos would erupt ending with us all drenched and laughing Hysterically. Love you and miss you "brutter"
