“ My thoughts and prayers are with your family during this difficult time. I only had a chance to meet Billy a few times but I could see how much love is shared in your family.

“ Uncle Billy was not only my Uncle he was my brother, Friend , Confidant & he gave the best Hugs & Smiles one could ever ask for. All the dinners while growing up , Uncle was always with myself , my Sister Teresa & Jason . Playing Yahtzee & Monopoly for Hours on end. Riding our bikes . Hanging out at at the Pizza joint drinking sodas & watching TV for hours & then Grammy giving him lectures about it ! Lol !! Every year his Birthday gift was to the Harlem Globe Trautors Grampy & I would take him & drop him off at the Fresno Convention Center, he Loved seeing them! All of our walks & his Charlie neck holds & endless talks of dreams , complaining & laughter ! Taking care of the cats for grammy . Grampy & Uncle Billy delivering cakes & goodies for holidays , Weddings & Birthdays. Always meeting him on the canal bank to come to our house almost every weekend. Uncle Billy was a Fabric of our lives. As he was to so many others. It seems that we got to have part of the Best of him those days growing up. He loved my Children , James aka Red as grammy would call him were best buddies! My Sweet Tender Heart Uncle it pains me that we were not allowed to at least hear your voice in the last days of your Wonderful Life. Your forever etched in my heart. I have the pictures of you & grampy holding me when I was just a new born & I'm Blessed to of had you in my life for so many years . May the Lord Hold you in the Palm of His Loving Hands. I Love You & Appreciate all the True Love you gave to me !

“ Uncle Billy you have been greatly missed since you moved from California. You were always with us, when we were growing up, and I have so many wonderful memories of my childhood and early adulthood because you were in mine and my families lives. You were such a sweet and gentle man. You took such great care of Grandma and Grandpa. I am glad you got to move around and live on your own and have new wonderful experiences. May you rest in peace and always know we here in California loved you dearly.

“ I have thought about it so much and I have searched and even used Google thesaurus & dictionary. I still don't have enough of the accurate & enough of the precisely correct words to say how much Uncle Bill loved me, role-modeled The Golden Rule & helped me be a better person ... & how great he made me & all of the people around him feel. I will say this accurate & honest statement, though.: He is one of the most silent people, yet you never left the room without a brief compliment and some words of appreciation. NEVER EVER EVER. Just when you think he is not interested in the conversation and he is taking a brief nap, you get up to go and get your coat on to leave and . . . here comes Bill's little comment to let you know he loves you and he's glad you were present. And it touches your heart. And your mindset goes beyond being so proud of him for doing so much with his life, and for being such a sincere and personable person, to also realizing how much he makes you feel valuable, too! Wouldn't trade him or our time together for 10,000 others!
