“ I am so very sad to learn of Mrs. Cooper’s death. She taught my daughter, Suzanne, in the 6th grade at Fort Washington Elementary School. I believe she was a true educator and was dedicated to bringing out the best in her students. She was a positive and profound influence. I was impressed by her wisdom and gentility. Of all the teachers my children had at the elementary school, she stands among the very best. I am glad she had a very long and active life. Sincerely, Sylvia P. Turner Fort Washington, MD
