“ *Verescak family,*

I am sorry to hear of Donna's passing. Donna and I went to school together from kindergarten until graduating in 1970 at Lafayette High School.

She was always so nice, we lost touch over the years, and it appears that she was a loving and giving person throughout her life. Our sincere condolences to her family on their loss.

“ I worked with Donna at Upstate in the 80's. She was a great friend and we were roommates for a time. In fact that's when she met Gary. She was head over heels in love. So sorry we lost touch with each other and so sorry to hear of her passing. My thoughts and prayers to Gary and her family.

“ I was so sad to get this news. If it weren't for her last name I may have not know because we all called her "Mama". Such a wonderful person, cared and took in too many to count. This is a serious loss to not only her family and friends, but to the world.

She never asked any questions, just said, "Come in.....have you eaten?" Never asked when you were leaving, only wanted to know when you would be back or if you were safe for that evening. There was no better example of selflessness, generosity, or kindness. Ma touched many lives and will be truly missed, but never, ever forgotten. Love you and all of yours. Xo RIP Ma.

“ Donna's family,
I am so sorry to hear about Donna. She was my neighbor growing up, took the same school bus each day and was my classmate. Last year we had our 44th class reunion....we had NO idea how to find Donna, where Donna was living, or what her married name was.... and now that I see she was right here still in the Syracuse area it really breaks my heart. I have informed her classmates of her passing.

She was a very sweet, kind person and I'm sure you will miss her dearly. You are all in my prayers.
