“ Dorothy sent me this quote from Charlotte's Web in December, Charlotte bidding farewell to her friend Wilbur: " These autumn days will shorten and grow cold. The leaves will shake loose from the trees and fall. Christmas will come, then the snows of winter. You will live to enjoy the beauty of the frozen world...winter will pass, the days will lengthen, the ice will melt in the pasture pond. The song of the sparrow will return and sing. The frogs will awake, the warm wind will blow again. All these sights and sounds and smells will be yours to enjoy, Wilbur...this lovely world. These precious days." Thank you Froggy for this gift and the joy of your friendship for so many years. You are the sunshine and warm breeze and I'll think of you whenever they grace my path. Love and light forever, Laura

“ I learned so much from Dorothy...about life and nursing. I am a better person and a better nurse because of her. I will miss her sense of humor and her brutal honesty! Everytime I look at Nicky, I think of her.

“ Dearest Dorothy, So many memories over 25 years, I am going to miss you. My deepest sympathy to all of your family. I know this is a difficult time for them, may they find some peace in knowing that there are many others who are sharing their grief. As long as there are frogs on this earth, I will be thinking of you each time I see one.
Love, Cindy

“ We never know if we have a tomorrow so make the best of today. I spoke with Dorothy in December and she knew then she wouldn't make it til April. Am a firm believer that the Good Lord holds a special place for us, as nurses, we have been His healing Hands to many. She is now held in His Arms. And we have a guardian angel watching over us now.
