“ *To Carolyn, "Conk", Marshall and Betsy. Sue, Brianne, Grant and I were so sorry to hear about Bill's passing. We pride ourselves in carrying on the "Hamilton/Grant" tradition and our long line of friends and family. My father, Marion's brother, Tom Sr. is 89 years young and the only surviving member of the William and Emma Hamilton's children of Marion, Leslie, Florence, Bill and of course, Dad. He also passes forward his thoughts and prayers. He has always had fond memories of the Schwabs and ocassionally he'll tell a story (probably one Conk has already told). We miss Bill already and his family and all who know him should be so proud of his many important accomplishments. It appears as though he touched many lives. We admired Bill and join in with the others who say "he was the nicest man we have ever worked with." “ Bill always took time to know each student at ACC. The college was a better place for all students when he was a member of the staff. Although I've been out of Central New York for many years, his name and deeds will always be with me. Bill was someone who touched my young life in a very positive way.

“ To Carolyn & your family: I cannot express how saddened I was when heard the news of Bill's passing. You have Sue's and my sincerest sympathies. I know he suffered greatly and battled this disease for what seemed forever. But Bill's enthusiasm for life always made one believe he'd beat this back yet one more time. On a more personal note, I have met and worked with many people for whom I had great admiration. None surpassed "Schwab-y." He will be missed by many.

“ To Bill Schwab's family: Along with many of Bill's other friends with Cayuga, I am deeply affected by his death. His career was certainly distinguished, and he has left his imprint on Cayuga. But he was also a kind, generous, and loyal friend. When my husband was struck with pancreatic disease, Bill and Carolyn shared their experience and offered support, across the miles. My sincere sympathies.
