“ Dear Ken and family, I'm so sorry for your loss. Betty was one of the kindest people I've ever met. Coming to TOW to visit my mother was never complete without a stop over to see you two and catch up on all the news. My heart goes out to you all on your enormous loss. The world is less joyful without Betty's twinkle in her eye, that infectious giggle, and the numerous acts of kindness she showed others on a daily basis. Love, Trudy Wood

“ Sandy & Family, What a wonderful tribute your mother was to all that is "right" about families. During the many times that I was with her when they were in Gainesville, her faith, love, acceptance and caring for others always was such shining example of what she was. One of God's special angels is what she was. Because of those same special values shared with you, your friends have been able to receive them from you. May God continue to bless you and all your family Love, Bebe

“ Dear Sandy and family, I was very sorry to receive the news that your mother had died. I have fond memories of my visits to Camilius and her warm welcome to the Jenner home. She was very much a family person. She was always interested in what "we girls" were doing, especially when we were living on Garden Lane in Webster during our first year of teaching school. My thoughts and prayers of sympathy and comfort are with you during this difficult time. Love,

“ Dear Ken and family, My deepest sympathy is offered to you because of Betty's death. She was such a dear, engaging, lovely person, and her smile and happy nature are already missed. I will plant a special tree in my garden this year in memory of Betty, because she and I shared a love for gardening and flowers. This is one of the many ways that her spirit will be continue to be with us. I'm so glad tht we had developed a friendship from our time together at church. Betty was a gracious and beautiful person. “ Of all the teachers I had in school, Mrs. Jenner stands out as the best. She had just the right combination of encouragement, empathy, and kindness. And, she was always there to listen. The world is a better place because of her. Although we will miss her she will live on in all the people whose lives she touched. My deepest sympathy to her dear family.
