“ *Rest in peace John. I am sure you are up in heaven visiting with all the loved ones who have gone before you. Give everyone in Heaven hugs and kisses. I am shocked you went so young. Until we meet again. Love you a bushel and a peck and a hug around the neck. RIP...*

“ *MY BROTHER JOHN. I had the pleasure of growing up with you and always admired you and my brother strumming on the guitar. You guys were the next Metallica i always thought. You were full of jokes and quite entertaining. I live this day with remorse and a piece missing. I wish i would of took some time out of my busy life and got together. Until we meet again my brother. I love you bud. Say hello to my Dad*
