“ *I was sitting on my front porch this morning drinking my coffee and thinking about Kathy. This website and all of the messages I have been receiving kept playing thru my head. I came to realize that they weren't playing in my head but in my heart and soul. I am overwhelmed by the prayers, thoughtful gestures and support given by all of you. Thank you, thank you....I love you all. Julie*

“ *I also worked with Kathy for many years at Excellus. Our time together working and the fun we all had in the Benefit File area has left me with memories that keep me laughing to myself even today. Kathy was affectionately known as "The Mighty Isis". All she had to do was click her magic wrist bands (that I made for her) together, and she could fix just about any problem you had. Especially those that pertained to the Syracuse files. She will be surely missed by us all that had the pleasure of working with her. Our thoughts and prayers go out to her family at this time.*

“ My sincere condolences to Kathy's great family. I've known Kathy for many years during our time at BCBS, and it was always a great pleasure to work with Kathy and watch her grow to become one of the most respected and valuable employees. She was certainly a treasure and always had a smile to show how she enjoyed life. I think she also held the record for having the most pictures of her family at her desk -- than anyone else--her way of showing how proud she was of all of you. We will all miss her greatly but always appreciate our time with her. Thank you Kathy and God bless.
