“ *My condolences to the Tosato family. May it help you to know that at John 11:38-42 Jesus brought back to life his friend. This account demonstrates that Jesus has the ability to bring back to life and health our loved ones. This also help us to appreciate that Jesus has fellow feelings for those who have lost loved ones to Adamic death. Please, you and your family find some comfort from this and your sweet memories as you wait to see your loved one again.*
