“ Dear Nina & Family. My heart goes out to all of you with your recent loss of your precious son Michael. My youngest will be turning 24 next month and I can't even imagine what you all are dealing and with and I hope I never have to find out. No family should have too!! I know talking with you Nina on the phone last month you had told me he was very sick. I was so surprised by my sisters phone call this afternoon telling me about her phone call to you. My son Adrian and his wife Beckie send their sympathies too. Beckie remembered him bringing the ferrets out and asking her what to feed them. I know this is probably not going to comfort you right now but in time you will realize he is no longer suffering, he is in a much better place and you and your family will be with him someday. Meanwhile he will be watching over you all. especially his sister as she goes to Iraq. All of you are in my prayers and if there is anything I can do for you please don't hesitate to call. Always, Ann Marie and family Sophia sends her love and licks
