“ Even though days have passed since I last saw all of you, I want all of you to know how much I care about you and that you are all in my thoughts and prayers. There is no question that Micheal will be missed, he was by far one of the most extraordinary people I have ever had the pleasure of knowing. Not only that but I feel extremely priveledged to have shared all of the unforgettable memories with all of you over the years, many of which are personal favorites. I miss all of you and I hope to see all of you again soon.

“ Leslie, Our hearts go out to you and your family for your loss. It is Mike's spirit that will continue to touch each and every person who knew him. I am sure that I won't be the first or the last to tell you what a joy he was to be around, but I know that his memory will always cause me to stop and smile and that is a great thing.

“ Leslie, My heart, thoughts and prayers go out to you. From personal experience, I know the kind of pain you are feeling. It's been a long, long road and for those of us left behind there's an emptiness that nothing will fill. Please know this, your Mike and my John are blessedly free from this devastating disease. Remember this: as much as ALS has taken from us, it can never take the love, the joy and the memories that we hold in our hearts for our husbands. "To love, and to be loved, is to feel the sun from both sides." Feel the sun, my friend, feel the sun. In my thoughts, Teresa Mech

Mike was always a great guy and lots of fun to have around. No one should loose a loved one but when you do its always nice to know there's friends and family that care.
