“ Sue's reputation amongst the wildlife rehabilitation community preceded our meeting for the first time this Spring. I offer my condolences to the family and her many friends. She will be missed. The rehab community has lost a bright star.

“ My condolences to the family..Sue was an old friend from our Campfire Girl days as leaders..if I had any "wildlife"questions she would be the one that I would call.a few years ago a seagull landed on my front lawn caught in a fishline she told me how to handle it safely we did what she said to do and immediately it flew away..God bless Sue.

“ It has been such a wonderful and fulfilling experience to have known such a great friend and kindred spirit who loved animals so much as Sue has. I was honored to be able to volunteer; but it became so much larger than that. I guess you can say that Sue took me under her wing. She has been my hero and role model for many years. I will miss our long conversations about animals which we shared such a passion. If there are animals in Heaven, which I'm sure of, they have welcomed my dear friend Sue with open arms and she will always be protected and loved by the animal kingdom. God bless you all through this difficult time. Sincerely, Lisa
